Children and Family Services

PURPOSE

Holy Cross Lutheran Preschool was established as a Christian Outreach to the congregation and to the community. Our primary purpose is to provide quality Christian education for children and their families. We desire to witness Christ's love and forgiveness.

PHILOSOPHY

Holy Cross Lutheran Preschool was founded on the concept that a program of Christian education is desirable and a necessary part of the American education system. Christian education offers the child a special relationship with Christ, family, and the society in which we live. In this Christian setting, We believe we can provide rich educational experiences, balanced with an emphasis on the child's social, emotional, physical, cognitive, and spiritual development. Holy Cross attempts to follow the Biblical teaching, "bring up a child in the way he should go" (Prov. 22:6), by providing a healthy Christian atmosphere for growth in knowledge, understanding, skills, and character.

ENROLLMENT/ADMISSIONS POLICIES

Holy Cross Lutheran Preschool accepts age-eligible students of any race, color, creed, sex, national and ethnic origin, and allows access of these students to all rights, privileges, programs, and activities generally accorded or made available to students at the school. Holy Cross Lutheran Preschool does not discriminate on the basis of race, color, creed, sex, or national and ethnic origin in the administration of its educational policies and other administered programs.

GOALS

Holy Cross seeks to provide an environment and direction through which each child has:

- a living relationship with God
- an understanding of the importance of one's self-worth and self-value
- self-expression through language skills
- social skills through group interaction
- auditory skills and visual acuity
- an increase in attention and following simple directions
- fine and gross motor skills
- thoughtful and courteous behavior
- good health habits
- an opportunity to expand their concepts and ideas about the world
- independence and problem solving skills
